PhpStorm Cookbook Mukund Chaudhary, Ankur Kumar

Discover over 80 recipes to learn how to build and test PHP applications efficiently using the PhpStorm IDE

About This Book

- Learn to plan, construct, test, and run your applications with ease using PhpStorm
- Improve the speed and efficiency of web application development using the PhpStorm IDE
- Collaborate tasks across time and space using CVS repository and learn expert level coding standards inspection for PHP in PhpStorm

Who This Book Is For

If you are a competent PHP developer who knows the basics of PhpStorm and intends to gain better knowledge of PhpStorm by learning and implementing pro-level practices, techniques, and solutions, then this book is for you. It is assumed that you already have a working installation of the software setup.

What You Will Learn

- Modify or customize the views and editors quickly
- Learn about the basics of PHP development including class, methods, and getters/setters
- Perform refactoring of elements such as renaming, copying, and moving
- Integrate frameworks using PhpStorm to generate Models, Views, and Controllers
- Use a CVS repository to commit files and check out projects using PhpStorm
- Find out more about the use of PhpStorm in a team
- Learn about safe deployment using Phing and PhpStorm
- Create plugins getter/setter methods, exception breakpoints, and CVS repositories

In Detail

PhpStorm is a commercial, cross-platform IDE for PHP. It provides an intelligent editor for PHP, HTML, and JavaScript with on-the-fly code analysis and automated refactoring for PHP and JavaScript code.

In this book, you will learn about accessing project files, maximizing and reordering views, and editors. Going ahead, you will learn how to access elements, search code, compare files, and integrate frameworks. After gaining in-depth knowledge of testing and debugging, you will learn about PHP development, refactoring and building applications with ease of handling, and integrating frameworks. You will also test and debug them using PhpStorm and then learn how to use Phing and plugins. By the end of this book, you will have learned all about Phing and cooking plugins.

From reader reviews:

Mary Marshall:

What do you think of book? It is just for students because they're still students or the idea for all people in the world, what the best subject for that? Only you can be answered for that query above. Every person has distinct personality and hobby for each and every other. Don't to be pressured someone or something that they don't need do that. You must know how great in addition to important the book PhpStorm Cookbook. All type of book are you able to see on many options. You can look for the internet solutions or other social media.

Monica Ceja:

What do you regarding book? It is not important together with you? Or just adding material if you want something to explain what you problem? How about your extra time? Or are you busy man? If you don't have spare time to accomplish others business, it is make one feel bored faster. And you have extra time? What did you do? Everyone has many questions above. The doctor has to answer that question because just their can do that. It said that about book. Book is familiar in each person. Yes, it is correct. Because start from on jardín de infancia until university need this kind of PhpStorm Cookbook to read.

Miranda Durkee:

As people who live in the modest era should be upgrade about what going on or info even knowledge to make all of them keep up with the era and that is always change and advance. Some of you maybe will probably update themselves by reading through books. It is a good choice for yourself but the problems coming to an individual is you don't know which one you should start with. This PhpStorm Cookbook is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and need in this era.

Lyndsey Lafferty:

Beside this kind of PhpStorm Cookbook in your phone, it may give you a way to get closer to the new knowledge or details. The information and the knowledge you may got here is fresh in the oven so don't always be worry if you feel like an older people live in narrow town. It is good thing to have PhpStorm Cookbook because this book offers to you readable information. Do you often have book but you don't get what it's exactly about. Oh come on, that would not happen if you have this in the hand. The Enjoyable option here cannot be questionable, just like treasuring beautiful island. Use you still want to miss the item? Find this book along with read it from currently!
