## **Managing Information Services: A Sustainable Approach** Jo Bryson

This third edition of Jo Bryson's highly regarded *Managing Information Services* has been thoroughly revised with an emphasis on managing for a sustainable future. Libraries and information services face uncertain times and this new edition tackles the challenges of planning and managing change, future-proofing for tomorrow, and leading the transformation to a sustainable future. The text also addresses the integration of information services including librarianship, records management and ICT. Essential reading for information students, this text also serves as a comprehensive and detailed reference on the key management topics for information service managers.
