**Saving Students from a Shattered System: Igniting the Passion for Learning** Eldon 'Cap' Lee, Mary Gale Budzisz

Based on real experiences of those in the trenches, this book describes a new delivery system of education designed to allow all students to succeed with the help of teachers who are led by their passion to do what is right for students. Lee and Budzisz take the reader step-by-step through not only what is wrong with the system of education and what must be changed for education but what the school of the future must look like. Education's goal should be to make sure that students do more than maintain an existence in their adult lives—they must flourish, living life to the fullest. This detailed plan leaves no stone unturned in providing the tools to build a quality education program for all.
