## **Jupiter's Travels in Camera: The photographic record of Ted Simon's celebrated round-the-world motorcycle journey** Ted Simon

For four years during the 1970s Ted Simon rode a motorcycle around the world, something no-one had ever done before. He described his adventures first in regular bulletins for *The Sunday Times* and then, after his return, in *Jupiter's Travels*, a book that has become revered as a classic of travel writing. Published by Penguin, *Jupiter's Travels* has sold nearly a million copies in the intervening years and has remained in print throughout that time, remaining a strong seller even today. Ted Simon took a decent SLR camera on the trip, but only a handful of his several thousand color photographs were included in *Jupiter's Travels*. These are now included in the book published to coincide with the 40th anniversary of his ground breaking trip.
