David Attenborough - Life on Air: Memoirs of a Broadcaster David Attenborough

His career as a naturalist and broadcaster has spanned nearly five decades and there are very few places on the globe that he has not visited. In this volume of memoirs David tells stories of the people and animals he has met and the places that he has visited.

Over the last 25 years he has established himself as the world's leading Natural History programme maker with several landmark BBC series, most recently the hugely popular *Life* and *Blue Planet*, alongside *Life on Earth*, *The Living Planet*, *The Trials of Life*, *The Private Life of Plants*, and *Life of Birds*.

This is an updated autobiography of David Attenborough's life, read by David Attenborough himself.
