Psychodrama, Group Processes and Dreams: Archetypal Images of Individuation Wilma Scategni

Psychodrama, Group Processes and Dreams is the result of years of analytical work with groups and individuals. It is unique in the field of therapeutic practice as it unites Jung's analytical psychology with Moreno's psychodrama, including material on:

- * The work of Jung and Moreno
- * How their theory works in practice
- * The constellation of the archetype as transformation

This book enables psychodramatists to incorporate Jungian ideas into their psychodramatic work and gives Jungians a guide to how psychodramatic techniques may help in group therapy.
