*Masakuni Kawasumi II, Masakuni Kawasumi III*

**The Secret Techniques of Bonsai: A Guide to Starting, Raising, and Shaping Bonsai** Masakuni Kawasumi II, Masakuni Kawasumi III

In *The Secret Techniques of Bonsai*, the author of the groundbreaking *Bonsai With American Trees* teams up with his son to offer not only the basics for creating perfect bonsai, but also secret techniques they've developed over years of careful work and observation.

The Kawasumis provide detailed, easy-to-follow information about growing bonsai from seedlings or beginner plants; expert advice on shaping, pruning, training, grafting and repotting trees; and new techniques for using tools. And, although the Kawasumi family is worldrenowned for their bonsai tool design, their instructions allow gardeners to improvise with other readily-accessible bonsai, gardening or even simple workshop tools. Step-by-step photographs accompany the text, many in full-color.

Masakuni Kawasumi III, the first qualified tree doctor for bonsai in Japan, contributes his unique insights to make this an invaluable resource for beginners and experienced enthusiasts alike.
