Breaking the Real Axis of Evil: How to Oust the World's Last Dictators by 2025 Mark Malmer

With the removal of not only Saddam Hussein but also Jean-Bertrand Aristide, as well as the ongoing civil war in against Charles Taylor in Liberia, much has changed in the world of dictators since the first publication of this work less than a year ago. With his colleagues in diplomacy and politics shying away from bold solutions to this ever-present problem, Ambassador Mark Palmer has once again set out to persuade everyone that the only way to achieve global peace is through the removal of dictators with democracy as their replacements. Drawing on his 25 years of extensive diplomatic experience, Ambassador Palmer asks us to embrace a bold vision of a world made safe by democracy. This is the story of the remaining dictators, the strategy and tactics to oust them, and the need to empower the people of every nation to control their own destinies.

We know that these dictators are at the root of terrorism and war. Under their leadership and instruction, millions have gone to their deaths, a great many more have been forced to become refugees across the planet, and nations have been driven into poverty, famine, and despair. With all of this, Ambassador Palmer has led a passionate fight to end this Axis of Evil in the not too distant future. For if dictatorships are allowed to continue, the world will never be safe for democracy.
