**High-Yield™ Neuroanatomy (High-Yield Series)** Douglas J. Gould, Jennifer K. Brueckner-Collins  
Now significantly revised based on student feedback, this best-selling text provides a quick, authoritative review of the most important clinical aspects of neuroanatomy. A new, full-color design highlights the essential information you need to know to excel on course exams and the USMLE Step 1. New objectives begin every chapter, contents have been reorganized and streamlined, and all information has been completely updated. A new Gross Structure chapter lays the foundation for understanding the sectional anatomy in the Atlas chapter, and all terminology is now consistent with Terminologia Anatomica. A companion website offers USMLE-style questions for study and review.
