## **Antología (Spanish Edition)** Manuel González Prada

González Prada fue uno de los más influyentes pensadores peruanos de inicios de fines del siglo XIX e inicios del siglo XX. En esta antología se recogen los ensayos más combativos. En ellos trabaja los más variados temas; desde lo filosófico y religioso a lo político y estético. Su prosa, aunque de combate, es refinada y acusa ya las influencias del modernismo en la transformación del idioma español. En el «Discurso del Politeama» (1888) despliega su infatigable activismo haciéndose eco del grito: «¡Los viejos a la tumba; los jóvenes a la obra!», que se convirtió en el lema de su generación y de su tiempo.

González Prada ha sido criticado por impregnar todo su discurso filosófico, literario y moral de política. Pero esto es justamente parte esencial de su pensamiento. Para él «la verdad política no se diferencia de la verdad moral, porque si la política no es una moral en acción, (entonces) es el arte de engañar y explotar a los hombres».
