Spine and Spinal Cord Trauma: Evidence-Based Management

Alexander Vaccaro, Michael Fehlings

Spine and Spinal Cord Trauma: Evidence-Based Management Alexander Vaccaro, Michael Fehlings

Representing the collective efforts of a multinational, multidisciplinary panel of spine and spinal cord trauma masters, this beautifully illustrated evidence-based textbook does more than provide multiple treatment options -- it offers unique access to insights from recognized spine experts and a thoughtful yet practical review of the most relevant literature and clinical evidence available in the field today. Each chapter centers on pertinent questions and objective reviews of state-of-the-art procedures that guide readers from an evaluation of the evidence through practical recommendations they can easily apply to their own practices.

Features:

Accompanying MediaCenter web content contains 15 narrated videos -- over one hour of footage -- of actual procedures by the authors *Spine and Spinal Cord Trauma: Evidence-Based Management* is an invaluable reference for orthopaedic surgeons, neurosurgeons, residents and fellows in those specialties, and allied health professionals who care for spine injury patients.
