The Wondrous Mushroom: Mycolatry in Mesoamerica R. Gordon Wasson

"From now on any comprehensive study of Ancient Mexican civilization must start from (and with) your discoveries."—Octavio Paz

"The late Mr. Wasson is the Abraham of the reborn awareness in Western civilization of the presence of the shamanically empowering mushroom."—Terence McKenna

In 1957 *Life* magazine created a sensation by publishing an article about the experiences of a JP Morgan executive who took mind-altering mushrooms with a shaman woman in Mexico. The story captured the imagination of a generation, inspiring waves of intellectuals, artists, and seekers to travel in search of the mushrooms and the indigenous healer, Maria Sabina. Today, Gordon Wasson is credited with having triggered the psychedelic revolution and his influence lives on through the growing community of people who study indigenous spirituality, sacred plants, and their role in personal transformation. In celebration of Wasson's pioneering work, we present a reprint of his classic *The Wondrous Mushroom*, an in-depth study of shamanic realities, mushrooms, and traditions connecting contemporary practices to pre-Conquest art, architecture, and culture. The book begins with Wasson's first experiences taking mushrooms, going into a wealth of details about sacred indigenous ceremonies, culture, and practices. *The Wondrous Mushroom* reflects a lifetime of studies, personal experiences, and reflections on shamanism, culture, community well-being, healing, and spiritual strength. Long out of print, this new edition is a must-have for anyone interested in the history of psychedelics.

Gordon R. Wasson (1898–1986) founded the field of "ethnomycology" and was considered the preeminent authority on the use of psychoactive mushrooms.

From reader reviews:

Lisa Gonzales:

Have you spare time for any day? What do you do when you have more or little spare time? Yep, you can choose the suitable activity for spend your time. Any person spent their spare time to take a stroll, shopping, or went to the particular Mall. How about open or maybe read a book titled The Wondrous Mushroom: Mycolatry in Mesoamerica? Maybe it is to be best activity for you. You realize beside you can spend your time with the favorite's book, you can wiser than before. Do you agree with its opinion or you have some other opinion?

James Buscher:

Reading a publication tends to be new life style in this particular era globalization. With looking at you can get a lot of information that will give you benefit in your life. Using book everyone in this world may share their idea. Guides can also inspire a lot of people. Lots of author can inspire their very own reader with their story as well as their experience. Not only the storyplot that share in the ebooks. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach children, there are many kinds of book that you can get now. The authors these days always try to improve their proficiency in writing, they also doing some analysis before they write to their book. One of them is this The Wondrous Mushroom: Mycolatry in Mesoamerica.

Donna Solano:

This The Wondrous Mushroom: Mycolatry in Mesoamerica is great book for you because the content which is full of information for you who always deal with world and also have to make decision every minute. This kind of book reveal it facts accurately using great organize word or we can declare no rambling sentences included. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but difficult core information with lovely delivering sentences. Having The Wondrous Mushroom: Mycolatry in Mesoamerica in your hand like getting the world in your arm, facts in it is not ridiculous a single. We can say that no e-book that offer you world with ten or fifteen moment right but this reserve already do that. So , this can be good reading book. Hi Mr. and Mrs. hectic do you still doubt which?

Catherine Almond:

Many people spending their time by playing outside along with friends, fun activity using family or just watching TV the whole day. You can have new activity to spend your whole day by examining a book. Ugh, think reading a book really can hard because you have to take the book everywhere? It ok you can have the e-book, having everywhere you want in your Smartphone. Like The Wondrous Mushroom: Mycolatry in Mesoamerica which is keeping the e-book version. So , why not try out this book? Let's observe.
