## Das sahidische Alte und Neue Testament (BIBLIA COPTICA)

The series Biblia Coptica provides the first systematic compilation of Biblical texts from the Old and New Testaments originating from the old Coptic church of Egypt. Karlheinz Schussler was able to reconstruct the original structure of various Codices by comparing handwritings of the many pages that were torn from the originals and are now kept in various libraries and museums. Each text contains a detailed description and its place of repository. The work is of fundamental importance to biblical theology/exegesis and to church and canon history. German text.
