The subject of the jinn is one which is of interest to many people. Folk stories abound, and many superstitious practices have arisen in Muslim cultures with regard to protection against the jinn. Many myths surround the ideas of the evil eye and envy, and there are many strange notions surrounding illnesses such as epilepsy and mental illness, which are often thought of as being caused by the jinn.

This book cuts through all the confusion and identifies correct Islamic teachings on all these subjects. The jinn are real and they can indeed harm humans, but this book will teach you how to protect yourself in the manner taught by the Prophet (peace be upon him).

Break free from fear, superstition and fairy stories, and familiarize yourself with the teachings of Islam on these important aspects of spirituality which the author presents here, drawing on the texts of the Qur'an and Sunnah and the writings of the respected scholars of Islam.
