*"Because of the thoughts behind this book, I have realized my complete self. I never knew how happy I could be. I am so thankful. Did I get that right, honey?" -The Author's Husband*

*How to Raise a Husband* is not your average “men are from one planet, women from another” kind of relationship book. Tonilyn Hornung offers an extremely personal collection of wisdom from six married women that’s like advice from your very best (and most trusted) girlfriends. The stories shared are those that most wives tend to keep to themselves, inspiring the reader to rise to each challenge and learn more about themselves in the process. Through bonding over shared experience—never through “man-bashing”—readers will find inspired growth, happiness, and deeper love and respect with their spouse.

Today’s wives find themselves in uncharted marital territory simply trying their best to maintain—to maintain a loving relationship, a peaceful household, and an emptied dishwasher. Wives are continually on the lookout for that extra bit of insight that can take them to a new level of understanding or simply to help them get through a hectic day.

Completely nag-free, *How to Raise a Husband* offers a unique approach by incorporating the honesty of six experts (real wives) with one unifying voice (the author’s) to assist and entertain, all the while providing deep and valuable insight into the less-talked-about issues of marriage. From honest communication to knowing the difference between when to compromise and if you are compromising yourself, and how to know when it’s appropriate to wear your Dallas Cowboy Cheerleader uniform, *How to Raise a Husband* gives practical advice and encouragement on marriage that will unite women across the globe
