Alone in the Passage: An Explorers Guide to Sea Kayaking the Inside Passage Denis Dwyer

Alone in the Passage: An Explorers Guide to Sea Kayaking the Inside Passage is part kayaking travelogue and part long-distance kayaking how-to guide. Readers will acquire a unique insight into the skills necessary to kayak solo for 1,300 miles along the Northwest Pacific Coast from Washington and through British Columbia to Southeast Alaska. The first half of the book details information that an Inside Passage paddler would need to know before setting off on this incredible journey. Topics such as preparation, nutrition, navigation, physical requirements, communication, weather, wildlife, equipment, camping, tides and currents, dangers, logistics, and paddling techniques are explored in depth. The second half of the book gives a running account of the daily challenges and triumphs experienced by a solo paddler as he kayaks up the Inside Passage completely alone. Daily journal entries are expanded upon giving the reader a feel for what it is like to travel through a remote wilderness for nearly three months.
