## **East Anglia (Regional Walks)** Paul Dickson

In this series of walking books, the National Trust invites the reader to explore some of Britain's most beautiful coast and countryside. Each title contains up to 30 specially-designed walks of varying lengths and difficulty, partly on National Trust land but taking in other areas as appropriate. The routes are worked out in consultation with local National Trust staff who know the landscape intimately and can interpret it according to their areas of expertise - whether they are archaeologists, wardens or botanists. Each walk is accompanied by a detailed map and clearly annotated with visual references pointing out particular features of the area - from rare birds and flowers to ancient sites or buildings of historical, artistic or literary interest. Pictorial information spreads give additional background on special features or landmarks to be found along the route. The books aim not only to provide a good day out, but also to deepen understanding of the environment and the National Trust's work in protecting it. This text focuses on the East Anglia region.
