TOP KNIFE: The Art & Craft of Trauma Surgery Asher Hirshberg, Kenneth L. Mattox

This book will help you take a badly wounded patient to the operating room, organize yourself and your team, do battle with some vicious injuries and come out with the best possible result. It is a practical guide to operative trauma surgery for residents and registrars, for general surgeons with an interest in trauma, and for isolated surgeons operating on wounded patients in military, rural or humanitarian settings. A surgical atlas may show you what to do with your hands but not how to think, plan and improvise. Here you will find practical advice on how to use your head as well as your hands when operating on a massively bleeding trauma patient. The first part of this book presents some general principles of trauma surgery. The second part is about trauma surgery as a contact sport. Here we show you how to deal with specific injuries to the abdomen, chest, neck and peripheral vessels. The single most important lesson we hope you will derive from this book is to always keep it simple because, in trauma surgery, the simple stuff works.

From reader reviews:

Mildred Ortiz:

Do you have favorite book? In case you have, what is your favorite's book? Guide is very important thing for us to find out everything in the world. Each reserve has different aim as well as goal; it means that guide has different type. Some people feel enjoy to spend their time and energy to read a book. They can be reading whatever they take because their hobby is reading a book. How about the person who don't like reading a book? Sometime, particular person feel need book if they found difficult problem or maybe exercise. Well, probably you will require this TOP KNIFE: The Art & Craft of Trauma Surgery.

Micheal Mata:

As people who live in the modest era should be update about what going on or data even knowledge to make all of them keep up with the era that is always change and make progress. Some of you maybe will probably update themselves by reading books. It is a good choice for you but the problems coming to you actually is you don't know which you should start with. This TOP KNIFE: The Art & Craft of Trauma Surgery is our recommendation so you keep up with the world. Why, because book serves what you want and need in this era.

Julie Nealy:

This TOP KNIFE: The Art & Craft of Trauma Surgery is great publication for you because the content which is full of information for you who also always deal with world and possess to make decision every minute. This specific book reveal it info accurately using great manage word or we can point out no rambling sentences included. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but tough core information with splendid delivering sentences. Having TOP KNIFE: The Art & Craft of Trauma Surgery in your hand like having the world in your arm, information in it is not ridiculous one. We can say that no publication that offer you world with ten or fifteen moment right but this guide already do that. So , this can be good reading book. Heya Mr. and Mrs. hectic do you still doubt in which?

John Collins:

Is it anyone who having spare time and then spend it whole day by means of watching television programs or just telling lies on the bed? Do you need something new? This TOP KNIFE: The Art & Craft of Trauma Surgery can be the answer, oh how comes? A book you know. You are therefore out of date, spending your time by reading in this brand-new era is common not a geek activity. So what these textbooks have than the others?
