*The Pinkerton Files* is based on the new audio series starring *Battlestar Galactica*'s Michael Hogan. It sets the real cases of America's first private detective in a world of radical inventions driving a bitterly divided nation toward civil war.

Agency founder Allan Pinkerton senses a conspiracy mounting against him, his sons and his operatives. Every step they take toward solving three seemingly disconnected cases draws them further into a conflict that will be their downfall. If Allan allows them to become embroiled in the war, they will never find their way out.

*Bucholz and the Blockade* sees Allan save his son from prison by putting him charge of a murder investigation but this hurried decision evolves into a deadly game of cat-and-mouse as his detectives pursue rogue soldiers into battle and accused killers behind bars. Amid a catastrophe that leaves hundreds dead and agents marooned undercover, Allan loses touch with his son as he chases the most dangerous suspect of all.
