Nomad William Alexander

Gabe Fuentes is in a race against time—and aliens—in this intergalactic sequel to *Ambassador*, which *Booklist* called “an exciting sci-fi adventure, perceptively exploring what it means to be alien,” from National Book Award winner William Alexander.

When we last left Earth’s *Ambassador*, Gabe Fuentes, he was stranded on the moon. And when he’s rescued by Kaen, another *Ambassador*, things don’t get better: It turns out that the Outlast— a race of aliens that has been systematically wiping out all other creatures—are coming. And they’ve set their sights on Earth.

Enter Nadia. She was Earth’s *Ambassador* before Gabe, but left her post in order to stop the Outlast. Nadia has discovered that the Outlast can conquer worlds by travelling fast through lanes created by the mysterious *Machinae*. No one has communicated with the *Machinae* in centuries, but Nadia is determined to try, and Gabe and Kaen want to help her. But the three *Ambassadors* don’t know that the Outlast have discovered what they are doing, and have sent assassins to track them down.

As Nadia heads deeper into space to find the *Machinae*, Gabe and Kaen return to Earth, where Gabe is trying to find another type of alien—his father, who was deported to Mexico, and who Gabe is desperate to bring home. From a detention center in the center of the Arizona desert to the Embassy in the center of the galaxy, the three *Ambassadors* race against time to save their worlds in this exciting, funny, mind-bending adventure.
