**Your tutor in a book! Master the essential mathematical skills for success!**

'I don't know how to do this' is a refrain heard whilst many a student is doing homework. Parents are increasingly called on for assistance, but are themselves struggling to help their children. *Years 6-8 Maths For Students* is a reference guide for both students and parents, aiming to fill the gaps in a student's knowledge base, build confidence and reduce stress.

Written with the same friendly, how-to approach of the successful For Dummies books, this new educational reference will empower students and develop their mathematical skills for exams, NAPLAN testing and, most importantly, life beyond secondary school. With worries that students are being taught to pass tests at the expense of understanding — this guide will help students cement their mathematical foundations.

- Grasp the nuts and bolts of numbers, algebra, geometry and measurement
- Helps students with maths as they transition from primary to secondary school
- Complete homework and prepare for tests with confidence

Save money on expensive tutors. *Years 6-8 Maths For Students* empowers students to improve their educational outcomes.

The Years 6-8 Maths For Students offer you a new experience in reading through a book.

#### **Edward Cooley:**

As a university student exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some publication, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that reading through is not important, boring and can't see colorful photos on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Years 6-8 Maths For Students can make you feel more interested to read.
