## **How to Grow Fruits, Vegetables & Houseplants Without Soil: The Secrets of Hydroponic Gardening Revealed (Back to Basics) Richard Helweg**

Using this heavily researched book, you will learn every detail behind why and how hydroponic gardening works, and what tools you will need to get started. Discover the long history behind this alternative method, and find out what plants and crops flourish the most without soil. You will learn how to prime your plants for growth, as well as how to deal with pests or any other garden hindrances. This book features a multitude of in-depth interviews with scientists, hobbyists, and greenhouse-savvy experts who will teach you the secrets behind starting and maintaining your new, innovative hobby.

With How to Grow Fruits, Vegetables, & Houseplants Without Soil as your step-by-step guide, you can learn how to set up your own hydroponic garden right in your backyard, greenhouse, or windowsill. And with science showing that soil-less gardening results in higher yields and much less water waste, hydroponics are on their way to becoming the primary gardening method of the future, though this technique has been used for centuries. If you want to start your own low-maintenance, healthy garden, this book has everything you need to take you from seed to sprout and beyond.
