Operation Sherlock (The A.I. Gang Book 1) Bruce Coville

On an island of geniuses, a gang of kids must use their smarts to survive

When five brilliant but wacky friends get dragged to a deserted island by their scientist parents, they decide to do what any self-respecting young brainiacs would: beat the adults at their own game.

The only problem is, before the group can discover whether artificial intelligence is an impossible dream or the solution to mankind's problems, they'll first have to save themselves from a horrifying death trap—and the entire island from destruction at the hands of a mad bomber!

This ebook features an illustrated personal history of Bruce Coville including rare images from the author's collection.
