Myths of Wilderness in Contemporary Narratives: Environmental Postcolonialism in Australia and Canada (Literatures, Cultures, and the Environment) Kylie Crane

This book explores the continuing influence of ideas of wilderness on the construction and understanding of nature in contemporary narrative texts. The turn to Australia and Canada marks a departure from the traditional focus on American ideas of wilderness. Voice, tense, tropes and extratextual references are traced for each text in a manner that addresses both fiction and non-fiction alike and makes a timely contribution to the field of postcolonial ecocriticism.
