Sator...ipotesi...controcorrente (Italian Edition)

Giovanni Crocini

Sator...ipotesi...controcorrente (Italian Edition) Giovanni Crocini

L'autore, nel libro, si esprime con immagini geometriche, semplici, facilmente comprensibili, intuibili.

"Sator... ipotesi... controcorrente" nasce da una intuizione che ebbe mentre ascoltava una relazione sul Sator quando, mentre scorrevano le immagini e le indicazioni delle direzioni di lettura delle "parole", si accorse che due "parole", Arepo o Opera e soltanto loro, potevano essere lette anche in un altro modo non rettilineo come le altre ma circolare. Fu questa intuizione che cominciò a produrre, nel suo cervello, in un attimo, una infinità di strade percorribili finché si fermò ad una soluzione che parve molto interessante. Il "Sator" come un manuale per gli antichi costruttori appartenenti alle "corporazioni"? Un sapere da mantenere segreto? È per questo che è stato criptato? Forse certamente chi ha pensato di renderlo segreto, esclusivo, ha perfettamente raggiunto il suo scopo. Iniziò così il lavoro di questo libro, di getto, in un mese, sviluppando l'intuizione iniziale. In questo libro l'autore conduce per mano il lettore con linguaggio semplice e con molte immagini di semplice realizzazione e comprensione. Afferma che questa non vuole essere la verità ma una "ipotesi controcorrente..." da verificare, approfondire e da confrontare e comparare con altre soluzioni che riguardano le interpretazioni del Sator.
