Global Supply Chain Ecosystems: Strategies for Competitive Advantage in a Complex, Connected World Mark Millar

Twenty-first-century supply chains have evolved into world-wide inter-connected supply-and-demand networks comprising vastly more complex operations, with profound inter-dependencies and exposure to greater volatility in our uncertain world.

The linear concept of a chain is therefore no longer adequate to describe these complex international networks of suppliers, stakeholders, partners, regulators and customers that are involved in ensuring the efficient and effective movement of products, services, information and funds around the world - we are firmly in the era of Global Supply Chain Ecosystems.

Exploring the latest market trends and industry developments across emerging, developing and developed markets, in Global Supply Chain Ecosystems industry leader Mark Millar presents detailed and practical insights that will help you capitalise on market opportunities, overcome supply chain challenges and make better informed business decisions.

In addition to highlighting key supply chain shifts such as the move beyond globalisation back towards regionalisation, this ground-breaking new publication explores several critical aspects of global supply chain ecosystems - including visibility, resilience, sustainability and collaboration.

Kevin Lemon:

As a pupil exactly feel bored in order to reading. If their teacher expected them to go to the library in order to make summary for some e-book, they are complained. Just very little students that has reading's heart or real their hobby. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring and also can't see colorful images on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's

country. Therefore this Global Supply Chain Ecosystems: Strategies for Competitive Advantage in a Complex, Connected World can make you experience more interested to read.
