Moodle 1.9 Multimedia João Pedro Soares Fernandes

The book is written in a tutorial style where you work through examples that describe how you can create multimedia applications using Moodle and integrate your existing multimedia resources into your Moodle course. It also tells you how to use multimedia effectively giving ideas and best practices. The book is primarily aimed at teachers and trainers who run professional courses and have experience in the use of Moodle. At the same time, it is not necessary to have an advanced technical background to create multimedia elements, as the tasks will be simple and as little time consuming as possible, relevant to everyday use.
