Dal genio alla didattica (Italian Edition) Bruno Marazzita

Da quanto tempo sentiamo parlare di una nuova riforma del sistema dell'istruzione in Italia?

Dopo vari tentativi fallimentari, visti i pessimi risultati sotto gli occhi di tutti, un modesto professore di scuola media prova a calarsi nei panni di un ipotetico ministro e ci propone alcune idee "rivoluzionarie" per un vero cambiamento, partendo da una filosofia di base ispirata al Rinascimento e che abbia come punti fondamentali la ragione individuale e il bene comune. Una concezione introgettiva dell'esistenza che l'autore mette in primo piano evidenziando il rapporto fra rigore e creatività. Smanettando su internet e intervistando i colleghi, troverà gli spunti più interessanti e necessari per la stesura di questo libro. Dopo anni di esperienza nel campo della didattica e nelle forme espressive della comunicazione, Bruno Marazzita si inventa saggista e filosofo innovatore di una pedagogia strutturata sulla progettazione. Auspicando con questo suo messaggio la collaborazione fattiva di un coordinamento nazionale degli insegnanti.
