Lopsided: A Memoir

Lopsided: A Memoir Meredith Norton

By the age of thirty -four , Meredith Norton had been a hymnal editor, art restorer, game-show producer, and a public school teacher. She'd even lived in a tree house and shepherded goats in Minorca. But none of these unusual experiences prepared her for the most dramatic turn her life would take: the diagnosis of an aggressive form of breast cancer. In this brilliantly funny and irreverent memoir, Norton approaches the disease with a refreshing combination of humor and tenacity, railing against victimhood and self-pity and refusing to become a stereotype.

Told with a razor-sharp wit akin to David Sedaris and Augusten Burroughs, Lopsided is most definitely not a typical cancer memoir; it's the biting funny debut of a natural-born social observer.
