Madeleine Roberts fears that she is losing her mind, but her search for treatment leads her into mortal danger. She decides to enter a psychiatric institution, where she is drugged and disoriented by electroconvulsive treatment until her will to live is almost broken. In **Counting the Rivers** Pearlie McNeill draws on her experiences as a patient in several psychiatric hospitals, along with chilling extracts from her own medical file, to create a gripping account of one woman's struggle to salvage her fragile sense of self from the onslaughts of a system that denies the humanity of all. **Counting the Rivers** is Pearlie McNeill's second book, *One of the Family*, the story of her childhood in Sydney, was her first.
