## **The Good Representative (New Directions in Ethics) Suzanne Dovi**

In *The Good Representative*, Suzanne Dovi argues that democratic citizens should assess their representatives by their display of three virtues: they must be fair-minded, build critical trust, and be good gatekeepers.

- This important book provides standards for evaluating the democratic credentials of representatives.
- Identifies the problems with and obstacles to good democratic representation.
- Argues that democratic representation, even good democratic representation, is not always desirable.
- Timely and original, this book rejects the tendency to equate respect for the preferences of citizens with neutrality on the standards used in choosing their representatives.
